

# TIA-942 Data Center Standard

## TrueNet® Data Center-Grade Infrastructure Products

### Equipment Distribution Area (Rack/Cabinet)

- CopperTen™ Panel
- Angled Category 6 Panel
- FPL TrueNet Fiber Panel
- FMT Termination and Storage Panel
- Copper and Fiber Patch Cords

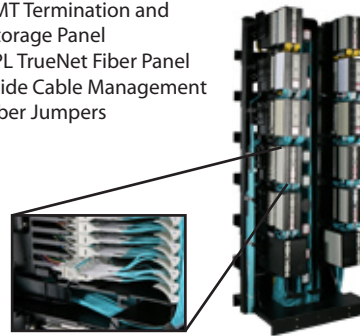

### Horizontal Distribution Area (LAN/SAN/KVM Switches)

- CopperTen Panel
- Angled Category 6 Panel
- FPL TrueNet Fiber Panel
- Glide Cable Management
- RMG MTP Panel
- High-band Cross-Connect Blocks
- Copper and Fiber Patch Panels

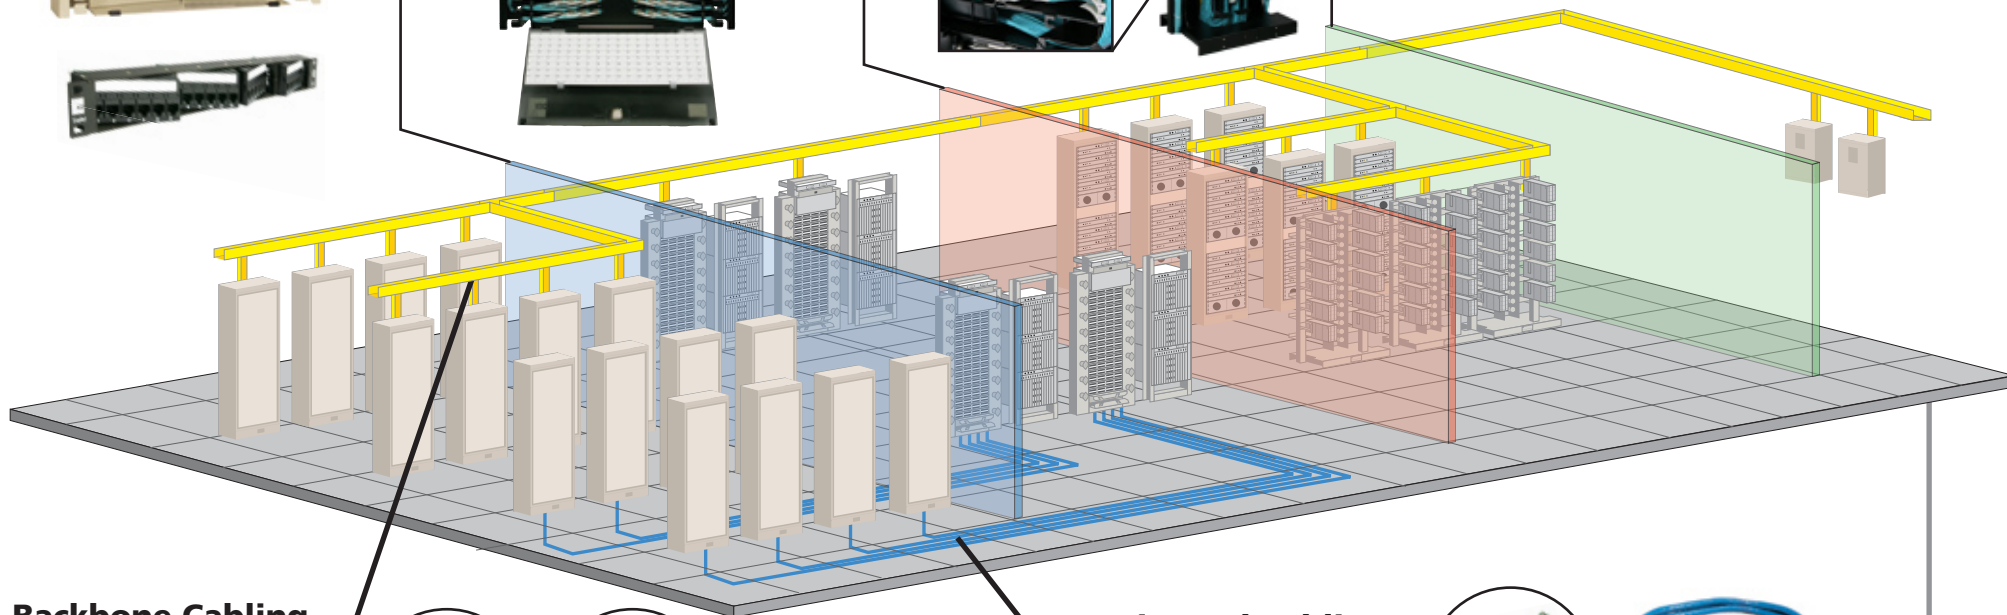

### Main Distribution Area (Routers, Backbone LAN/SAN Switches, PBX, M13 Muxes)

- NGF – Fiber Distribution Frame
- FMT Termination and Storage Panel
- FPL TrueNet Fiber Panel
- Glide Cable Management
- Fiber Jumpers

### Entrance Room (Carrier Equipment and Demarcation)

- FL2000 Termination and Splice Panel
- WMG Wall Mount Panel
- Hybrid SM MM Fiber
- Fiber Jumpers
- Building Entrance Terminal Blocks

### Backbone Cabling

- Laser-Optimized Multimode Fiber
- Single-mode Fiber
- Plenum Armored Distribution Cable
- FiberGuide

### Horizontal Cabling

- CopperTen Augmented Category 6
- Category 6
- Laser-Optimized Multimode Fiber
- FiberGuide
